AMNESTY FOR BABIES BEFORE BIRTH CAMPAIGN - Petition to members of the United Nations General Assembly

The humanity of the child before birth is universally recognized and each unborn human being, irrespective of his/her stage of development, and irrespective of whether he/she has a detectable disability, is a full member of the human family possessing inherent dignity, worth, and equal and inalienable rights with every other member of the human family. The child, by reason of his/her vulnerability, and physical and mental immaturity, needs special safeguards and care, including appropriate legal protection, before as well as after birth (cf. United Nations Declaration of the Rights of the Child, preamble,1959). Therefore,

WE THE UNDERSIGNED call upon the international community to:

- **ensure to the maximum extent possible the survival and development of the child before as well as after birth**
- **adopt all measures necessary to protect adequately human life and dignity in the application of life sciences.**
